

# Fiscal Cliff? Let it happen!

I'm in as bad shape as most Americans, yet it appears Congressional puppets are controlled by such things as personal interest, wall street, banking lobbyists and the such. But not you!

What the hell happened to the American people whom voted these arseholes into office? It appears the people we entrusted, care less about the people of this country and more about the gods of the monetary system.

If you can't seem to tell, there is another god in place here. The god of the mysterious Babylon you've read about? Yes. How blind can you be?

Look back in 2008? Because the members of Congress "failure" to help the banks, the stock market dropped. This was a threat? To whom? Most Americans can even afford to get involved in the stock market, and most who did lost what they had. Where did that help Americans? Only certain American, not ALL Americans.

It is time to face reality. You are pretty much on your own, only the rich will receive any benefit from this. You in turn, will by their methods of extraction, will make less and work more to help satisfy the needs of these worshippers of the god of this world. Pray for them.

Whether any of these "persons" knowingly began their journey into the abyss of evil doers, they are certainly associated now. Seemingly, is it possible that because a homeowner can't win in court against the banks whom do not hold anything other than a printout of a worthless intangible obligation, these judges make their decisions to protect their pension plans which are tied up in these illegal schemes? If this is the case, you can see how those whom you elected to uphold justice, appear to only uphold justice for themselves. To hell with the rest? Shame on them! Pray for them.

It becomes easier to understand what is written about Satan and how most do not realize he is their god. Whether they realize it or not, he has deceived the whole world.

This god of Babylon has pulled you into an illusion that you are following the True God, the Almighty Host, but you are not. You are being deceived just like Adam and Eve were deceived by the Evil one portraying himself as God.

Your elected officials are playing you like a fine tuned fiddle. And the Congressional puppets are wanting you to believe they are great, if they pull off this fiasco at the last minute, but it is only a patch. It is not a solution. A money maker for them, a back breaker for you.

Should you be a true believer, you know that only God is to be feared, not man, nor his manipulation of your minds or devises. Repent before it is too late. Many, just like before, have not heeded God's warning.

Take notice;

See that ye refuse not him that speaketh. For if they escaped not who refused him that spake on earth, much more shall not we escape, if we turn away from him that speaketh from heaven: Whose voice then shook the earth: but now he hath promised, saying, Yet once more I shake not the earth only, but also heaven *And this word, Yet once more, signifieth the removing of those things that are shaken, as of things that are made, that those things which cannot be shaken may remain.*
