Research reflects the fact that in 1963 the verbiage “WILL PAY TO THE BEARER ON DEMAND” was removed from face of the bill and replaced with the wording “THIS NOTE IS LEGAL TENDER FOR ALL DEBTS, PUBLIC AND PRIVATE.”

Within President Kennedy’s inaugural address we find this wording:

“And so, my fellow Americans: ask not what your country can do for you – ask what you can do for your country.”

In the same year the “bearer” verbiage was removed from the face of Federal Reserve Notes President John F. Kennedy was assassinated. Could it be that America had a president that could foresee events to take place a half century later?

Could the “bearer” wording change be part of word crafting suggested within the Bank’s Manifesto made public by Charles Lindbergh while in Congress?

Is it time to employ wisdom to defeat Satan’s influence?

We each have to make a choice and that choice will define the person and the path of the person, so how do you choose? Such answer is only between thyself and thy maker.

Our father who art... the choice is yours and such choice will be carried to Heaven or Hell...

Word crafting at its finest of evil, could it be?
